MAP

SHOWING PROVISIONAL CLASSIFICATION OF PRINCIPAL OUTCROPS OF

BITUMINOUS SAND

IN

NORTHERN ALBERTA

Scale of Miles

0 5 10

LEGEND

- *Outcrops of possible commercial value*
- *Outcrops of doubtful commercial value*
- *---Steamboat channel*

Note:- Pending further detailed exploration, this provisional classification of outcrops of bituminous sand, is based on the following factors which will chiefly govern commercial development.

1. *Thickness and character of overburden.*
2. *Conditions governing disposal of overburden.*
3. *Quality and quantity of bituminous sand.*
